

PROTECT THE COAST, ADAPT TO CLIMATE CHANGE!

Mid-Term International Conference

7 & 8 JUNE 2022
SPLIT/CROATIA

Public Institution RERA S.D. for coordination and development of Split Dalmatia County and ARPAE - Emilia-Romagna Regional Agency for Prevention, Environment and Energy

is pleased to invite you to the:

AdriaClim Conference "Protect the coast, adapt to climate change!"

WHEN

7 & 8 JUNE 2022

WHERE

Hotel Park, Split, Croatia

PARTICIPANTS AND SHORT DESCRIPTION OF THE EVENT

As part of the cross-border project AdriaClim, in Split will take place a hybrid two-day conference "Save the coast, adapt to climate change!" on June 7 and 8, 2022. The conference brings together leading international experts, policy actors and decision makers in the field of climate change. The main goals of the conference are to raise awareness on the impacts of climate change on the Adriatic coast and to enable experts from universities, research and training centers to provide policy-makers and the general public with up-to-date value-added information on the impact of climate change on the Adriatic Sea.

Live stream will be available on [AdriaClim Official Facebook page](#)

Agenda

Tuesday 7 June 2022 | Opening Session

09:00 – 10:00

Time	Speaker	Topic
09:00 - 09:10		Registration
09:10 – 09:20	Matea Dorčić , Head of department, Split Dalmatia County / Marjan Dumanić, PI RERA S.D.	Welcome / opening remarks from Local authorities and organizers
09:20 – 09:30	Marin Miletić - Project Manager Interreg V A Italy - Croatia 2014-2020	Welcome speech from Interreg ITA-CRO Joint Secretariat
09:30-09:40	Andrea Valentini , AdriaClim Project Manager, Regional Agency for Prevention, Environment and Energy of Emilia-Romagna,	Introduction and welcome speech from AdriaClim project
09:40 – 10:00	Lidija Srnec , Head of Division, Croatian Meteorological and Hydrological Service	Climate change projections for the Adriatic as a support for impact assessment

Tuesday 7 June 2022

Session 1 - Climate Change and impacts on the coasts

10:00 – 13:00

Time	Speaker	Topic
Chairperson: Tea Blažević		
10:00 - 10:20	Giovanni Coppini , Director of OPA Division, Foundation Euro Mediterranean Centre on Climate Change (CMCC)	The United Nations Decade of Ocean Science for Sustainable Development (2021-2030) and perspective for coastal environments
10:20 - 10:40	Piero Lionello , University of Salento	The Adriatic Sea: what should we expect for the next 20-50 years? The new IPCC WGII report
10:40 – 11:00 Coffee break &Networking	<u><i>Coffee break & networking</i></u>	
	<u><i>Opening of the Posters Area</i></u> <u><i>Posters short introductions</i></u>	
11:00 - 11:20	Carlo Cacciamani , Director of the National Agency for Meteorology and Climatology, ItaliaMeteo	What Italy is doing to protect its coasts/territory from CC?
11:20 - 11:40	Giancarlo Gusmaroli , Environmental engineer	Climate change impacts on place-based governance models

11:40 – 12:00	Veljko Srzić , Associate Professor, Faculty of Civil Engineering, Architecture and Geodesy	Integral analysis of beach erosion in the southeastern Adriatic Sea
12:00 - 12:20	Angel Borja , Marine and coastal environmental management	Ocean health and human health: links and research agenda
12:20 - 12:40	Sanda Skejić , Researcher, The Institute of Oceanography and Fisheries Split	Potential impacts of climate change on marine primary producers
12:40 - 13:00	Open Discussion (among speakers and with the audience)	

13:00 – 14:00 Lunch break

Tuesday 7 June 2022

Session 2 - CC monitoring and observation: tools, models and innovations

10:00 – 16:00

Time	Speakers	Topics
Chairperson: Tea Blažević		
14:00-14:20	Chunxue Yang , National Research Council, Institute of Marine Science, CNR-ISMAR	Independent Quality Assessments of Essential Climate Variables
14:20-14:40	Jay Pearlman , Four Bridges	Ocean Best Practices Systems (OBPS) for climate monitoring (observing and modelling) at coastal scales
14:40-15:00	Giacomo Magnabosco , STUDIOMAA Magnabosco Architetti Associati	THE URBANPROOF TOOLKIT: a decision support system for assisting municipalities in adaptation planning
15:00 - 15:20	Stefano Menego , National Research Council, Institute of Marine Science CNR-ISMAR	Addressing the contribute of climate change drivers on environmental cumulative impacts to support effective marine spatial planning

15:20 - 15:40	Stefanija Šestanović , Institute of Oceanography and Fisheries Split	Small players, large roles: warming effects on marine microbial processes
15:40-16:00	Open Discussion (among speakers and with the audience) Closing remarks of the 1 st day	

Wednesday 8 June 2022

**Session 3 - Protecting our territories from Climate Change:
experiences, ideas, good practices**

09:30 – 13:00

Time	Speakers	Topics
09:30-09:40	Registration 2 nd day	
09:40-09:50	Tea Blažević, Opening remarks	
09:50 – 10:10	Andrea Vitlov Kurtin - Zadra Nova Agency for development of Zadar County	The experience of the Interreg ITA-CRO (STREAM)
10:10 - 10:30	Davide Bonaldo , National Research Council, Institute of Marine Science, CNR-ISMAR	Sharing knowledge and planning approaches to tackle climate change: The heritage of CHANGE WE CARE

10:30 - 10:50	Chiara Tringali , Environmental Scientist - Energy agency of Friuli Venezia Giulia Region	The Menu for Adriatic Regions: a tool for supporting local climate planning against the effects of climate change
10:50-11:10	Giovanni Vicentini - Municipality of Padua	Results and lessons learnt from the LIFE project Veneto ADAPT
11:10 - 11:30	Kristian Horvath , Croatian Meteorological and Hydrological Service DHMZ	Coping with weather and climate extremes in our changing climate
11:30 – 11:50	Coffee break in poster area	
11:50 - 12:10	Giulia Galluccio Foundation Euro Mediterranean Centre on Climate Change (CMCC)	Knowledge Hub on Sea Level rise
12:10-12:30	Ilja Drmač , Energy Institute Hrvoje Požar	SECAP, content and development process in project RESPONSE
12:30 - 12:50	Ivan Sekovski , PAP/RAC	“AdriAdapt - a Resilience information platform for Adriatic cities and towns”
12:50-13:00	Closing remarks
